

COMPREHENSIVE OWNERSHIP SOLUTIONS

DELIVERING CONFIDENCE. MILE AFTER MILE.

IC Bus® is committed to making sure the transition to a sustainable and electric future is as smooth and seamless as possible. From assessing needs and planning charging infrastructure to solving utility roadblocks and training your workforce – we'll be with you every step of the way. Now we're delivering even more with a set of comprehensive ownership solutions available on IC Bus battery electric vehicles (BEVs).

These solutions provide you with protective coverage on high-voltage components, wear components and the vehicle chassis — all backed by our extensive EV-authorized service network. Plus, you get proactive service scheduling and support from a dedicated Uptime Advocate to coordinate and expedite your service visits. Together, this delivers greater uptime and a lower total cost of ownership.

Our comprehensive ownership solutions take the stress out of BEV management, delivering the protection you want and the peace of mind you need.

Full preventive maintenance coverage, including high-voltage components, wear components and chassis

Proactive service communication and preventive maintenance scheduling

Work performed by highly skilled technicians trained on our electric vehicle powertrain

Zero-deductible extended service contract and towing coverage with no claims maximums

Advanced remote diagnostics and EV analytics reports

IC BUS® ELECTRIC CE™ SERIES

COMPREHENSIVE OWNERSHIP SOLUTIONS

PREVENTIVE MAINTENANCE

- Consistent, reliable, high-quality work across our network of EV authorized dealerships
- Complete PM coverage for high voltage and chassis components
- Comprehensive annual multipoint vehicle inspection

UPTIME ADVOCATE

This is your dedicated resource to orchestrate and expedite your service and repair events including:

- Review repair history and identify open campaigns or calibration updates with the service location.
- Help facilitate timely communications and service progress updates to keep you informed

PROACTIVE SERVICE PLANNING

Our team will use remote vehicle health and performance data to support you in planning service events.

- You will receive communication in advance of upcoming service and maintenance needs
- We will schedule a service visit that minimizes disruptions to your operations, leading to FEWER and FASTER service events during your ownership cycle.

SERVICE CONTRACT COVERAGE

- Battery coverage: high voltage battery protection to 70% state of health
- Chassis coverage: Same areas of coverage as non-electric CE series + high voltage components
- Towing coverage: up to \$1,100 reimbursement per incident due to warrantable failures
- Guaranteed \$0 deductible, 100% parts and labor, and no claims maximums

WEAR ITEM COVERAGE

- Optional coverage for replacement of select wear items when needed

PREVENTIVE MAINTENANCE

OPTIONAL WEAR ITEMS COVERAGE

- Quantity dependent on length of contract

**Speak with your sales representative
about available coverage term options.**

Ask your dealer about a payment program for these solutions through Navistar Financial.
